LIFESTYLE

Living in Sherman Oaks: What to Know Before You Buy

How close a home sits to the boulevard shapes daily life more than square feet do.

01

Ventura Boulevard Corridor

Ventura Boulevard is the commercial spine. Homes within a short walk get easy dining and errands. They also hear more traffic.

02

The Flats North of Ventura

Streets are flat and grid-like, with standard lots. Neighbors walk, bike, and play outside. Many families buy their first home here.

03

South of Ventura and the Estates

Streets curve into the hills. Lots grow larger and views open up. Check road access and slope on hillside lots.

04

Commute and Connectivity

The 101 and 405 freeways meet here. Trips to Burbank, downtown, and the Westside are easier than from many Valley areas. Rush hour still slows both.

05

Family Life and Schools

Many families choose Sherman Oaks for its schools, parks, and quiet streets. Several schools rank well in LAUSD. Confirm the school for each address.

06

Outdoor Living

Many homes have big yards for pools, play, and outdoor dining. South-side lots add views and privacy.
